Proficient in Html And Css, Javascript, And Adobe Photoshop, Adobe Flash. I am motivated to learn and adapt quickly. Seeking an opportunity at where I can leverage my skills, demonstrate my dedication, and grow both professionally and personally.

PROJECT

MASTER MARTIAL ARTS

- The project entitled "MASTER MARTIAL ARTS" is an karate website,
- In order to develop an website, a number of Technologies must be studied
- and understood. These include multi-tiered architecture, server and client side
- scripting techniques, implementation technologies such as programming
- language
- (such as PHP) and relational databases. This is a project with the objective to
- develop a basic website where a students is provided with a application and
- also to
- know about the technologies used to develop such an application.
- "MASTER MARTIAL ARTS," involves developing a karate website with a focus
- on multi-tiered architecture, server and client-side scripting techniques, as well
- as implementation technologies like PHP and relational databases. If you have
- specific questions or need guidance on any of these technologies,
